

### Credit Management Solutions

DG Credit Management Consulting Inc provides solutions for problems with Cash Flow, Customer Deductions, Slow Collections, and Risk Management.

We can help by offering training, consulting, outsourcing, or staffing recommendations that will make your credit department staff more effective and efficient beginning the first day of our involvement

Quality credit management is the heart of any business because it generates cash flow. We allow you to focus on your core business by:

- Providing proven credit management procedures
- Providing an improvement in Days Sales Outstanding, which will have a positive impact on cash flow and profitability
- Help with assessing credit staff skills and providing the education required suited to your company
- Hiring the right Credit and Collection personnel
- Assess credit control and administration costs to ensure a reasonable expense
- Internal credit department audits
- Assisting with large or complicated credit transactions or decisions
